FEATURES & BENEFITS

- Does Not Contain CFCs or Chlorinated Solvents; Environmentally Friendly
- High Flash Point; No Fire Hazard
- Low Vapor Pressure; Dries Quickly

APPLICATION GUIDELINES

ALPHA Screenwash Plus has been designed for general cleaning duties around the printing machine, in particular, the manual cleaning of printing stencils. By using this material, a high degree of stencil cleanliness can be achieved. Residual solder paste will be softened and released from apertures quickly and efficiently.

It is also possible to use ALPHA Screenwash Plus to clean misprinted boards prior to automated cleaning. This avoids depositing larger amounts of solder paste into the cleaning machine. It is also suitable for other cleaning applications including squeegee blades and other flux contaminated items.
