

ALPHA[®] PF SERIES FLUXES

DESCRIPTION

ALPHA PF Series Fluxes are low solids, halide free, rosin / resin free, no-clean fluxes, designed for use in nitrogen inerted wave soldering machines.

READ ENTIRE TECHNICAL DATA SHEET BEFORE USING THIS PRODUCT

APPLICATION GUIDELINES

ALPHA PF Series Fluxes have been formulated for spray applications only. They are compatible with all currently available spray fluxers from leading manufacturers and are designed for use in nitrogen-inerted wave soldering. Topside preheat temperatures of 180 to 220 °F (80 to 105 °C) are recommended. For applications which require cleaning, a saponifier such as ALPHA 2110 or Armakleen can be used.

TECHNICAL DATA

Physical Properties	Typical Values		
	PF1	PF1.5	PF2
Appearance	Clear, water-white solution	Same	Same
Specific Gravity @ 25 °C	0.783	0.785	0.787
Flash Point (T.C.C.)	53 °F	53 °F	53 °F
Acid Number	7.8	11.7	15.5
Silver Chromate Paper Test	Pass	Pass	Pass
Copper Mirror Test	Pass	Pass	Pass

PACKAGING

ALPHA PF Series Fluxes are available in 1, 5 and 55 gallon containers.

RECYCLING SERVICES

We provide safe and efficient recycling services to help companies meet their environmental and legislative requirements and at the same time, maximize the value of their waste streams.

Our service collects solder dross, solder scrap, and various forms of solder paste waste. Please contact your local sales representative for recycling capabilities in your area or [link here](#).

SAFETY & WARNING

It is recommended that the company/operator read and review the Safety Data Sheets for the appropriate health and safety warnings before use. **Safety Data Sheets are available at MacdermidAlpha.com/assembly-solutions/knowledge-base.**

DISCLAIMER: All statements, technical information and recommendations contained herein are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed. No statement or recommendation shall constitute a representation unless set forth in an agreement signed by officers of seller and manufacturer. NO WARRANTY OF MERCHANTABILITY, WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY IS MADE. The following warranty is made in lieu of such warranties and all other warranties, express, implied, or statutory. Products are warranted to be free from defects in material and workmanship at the time sold. The sole obligation of seller and manufacturer under this warranty shall be to replace any noncompliant product at the time sold. Under no circumstances shall manufacturer or seller be liable for any loss, damage or expense, direct, indirect, incidental or consequential, arising out of the inability to use the product. Notwithstanding the foregoing, if products are supplied in response to a customer request that specifies operating parameters beyond those stated above, or if products are used under conditions exceeding said parameters, the customer by acceptance or use thereof assumes all risk of product failure and of all direct, indirect, incidental and consequential damages that may result from use of the products under such conditions, and agrees to exonerate, indemnify, defend and hold harmless MacDermid, Incorporated and its affiliates therefrom. No suggestion for product use nor anything contained herein shall be construed as a recommendation to use any product in a manner that infringes any patent or other intellectual property rights, and seller and manufacturer assume no responsibility or liability for any such infringement.
